

Roosevelt Fire District

Section:	Policy:
Administration	No smoking in the Building

Stations 1, 2, 3, 4, & 5

Dear Membership,

At the December monthly meeting, the Board of Fire Commissioners voted to prohibit smoking within Fire District buildings effective February 1st, 2014. Furthermore, it was voted upon that smoking outdoors should be done in areas that are not near open doorways or windows. Due to differences in the layout of the three stations, it was determined that company leadership should discuss and determine the best locations for the use of smoking materials outside the building.

The change does not affect the already enforced prohibition on the use of smoking materials in District apparatus.

Please share with your membership. Thank you for your cooperation.

Respectively Submitted,

Lori Hicks District Secretary

On behalf of: Board of Commissioners Roosevelt Fire District

Board approved: 08/13/20	Last Revision 7/20
